EXCEPTIONAL QUALITY
THE AMERICAN TOBACCO CO.

It's a far cry from the
amorous skies of Smyrna to
the sunny slopes of Virginia
—yet OMAR, the Exquisite,
draws its mellow richness
from the treasure-chests
of both. Their choicest,
rarest tobaccos, in incompar-
able harmony, unite to make
OMAR the Perfect Turkish
Blend—the cigarette that
sparkles with the mingled
sunshine of East and West.

OMAR is the ultra-climax of
cigarette deliciousness. If you have
been an "all-Turkish" smoker,
you'll find OMAR far richer in
snappy relish. And as for other
blended cigarettes—not one can
compare with OMAR in its smooth
flavor and aromatic fragrance.

INDIANA SCHOOL HAS SEN-
SATION AS RESULT OF
PRYING PUPILS

Hartford City, Ind., June 10.—A few months ago patrons of the Gussman School in Licking Township hid in the attic of the building at day-light and remained all day and for several hours after school was dismissed in the evening.

Today Albert Pursley, former teacher at the school and a brother of A. N. Pursley, president of the Indiana State Teachers' association, went on trial in the Circuit Court on a charge of improper conduct.

Patrons of the school became suspicious that Pursley and a woman assistant were unduly friendly. They bored holes in the attic floor, and with eyes glued to the spyholes, saw the teachers hug and kiss. It is charged. A large American flag was used as a couch by the two instructors, according to the testimony of one of the patrons in court today.

Acts of undue friendliness are not denied by Pursley, his defense being conducted on the theory that, as he did not know there was anyone else in the building, he is not guilty of the charge that he offended the patrons as alleged in the indictment.

Pursley is a young married man. He and his assistant were dismissed from the school following his arrest.

Bilious Attacks.
When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. Obtainable everywhere.

Defined.
Pop, what is "reasure?" asked little Bello.
Son, replied the senior, it's the odd five minutes I get when mother does not remember what she has for me to do.

Greatly Benefited by Chamberlain's Liniment.
"I have used Chamberlain's Liniment for sprains, bruises and rheumatic pains, and the great benefit I have received justifies my recommending it in the highest terms," writes Mrs. Florence Sife, Washburn, Ind. If you are troubled with rheumatic pains you will certainly be pleased with the prompt relief which Chamberlain's Liniment affords. Obtainable everywhere.

A—I used to pay that woman compliments five years ago.
B—What do you pay her now?
A—Alimony.

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry,
Avoid Exposure and
Eat Less Meat.

Stay off the damp ground, avoid exposure. Keep feet dry, eat less meat, drink lots of water and above all take a special diet of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

SPAN NEXT TO ENTER INTO WORLD'S WAR

BELGIUM NOBLEWOMAN
NOW HERE, SAYS PORTU-
GAL, TOO, WILL JOIN

Chicago, June 10.—Countess Alice Marie Garcia, widow of the late Armand de Paelere, Belgian ambassador to Russia, is in Chicago. She has been in America two months and today will leave the Congress hotel, where she is staying for New York. In two weeks she plans to return to her home in London.

The countess, who is a Spaniard by birth, voiced regret that Belgium had not chosen the policy of expediency when the war began.

"A mouse never should interpose to protect a lion and an elephant," was her opinion.

Belgium never should have resisted Germany for the protection of England and France. Poor Belgium! She has put up a heroic fight, but after the allies, if they shall have won, will not worthily recognize Belgium's services and sacrifices.

"Belgium indeed will be fortunate if after the war she finds herself still a sovereign and independent government."

Not victory for either side but revolution will terminate the war, said the countess.

"Spain and Portugal will join their co-religionists, Italy," said she. "Then Spain and Portugal, in both of which are large elements favoring republics, will be ravaged by revolution and there will be revolt in Italy."

The countess, during the Russo-Japanese war, was in charge of a train of Red Cross nurses. She has recorded her impressions of war and its attendant things in her book, "Manchuria and Siberia." During her visit to America she has been writing her impressions of this country in letters to the London Daily Mail and the Paris Journal, Le Martin and Figaro.

WHEREIN BRYAN DIFFERED WITH WILSON ON "NOTE"

(CONTINUED FROM PAGE ONE)

We have these treaties with Great Britain, France and Russia. No matter what disputes may arise between us and these treaty nations, we agree that there shall be no declaration and no commencement of hostilities until the matters in dispute have been investigated by a commission and a year's time is allowed for investigation and report. This plan was offered to all the nations, without any exceptions whatever, and Germany was one of the nations that accepted the principle, being the twelfth, I think, to accept. No treaty actually was entered into with Germany, but I can not see that that should stand in the way when both nations endorsed the principle. I do not know whether Germany would accept the offer, but our country should, in my judgment, make the offer.

"Such an offer, if accepted, would at once relieve the tension and silence all the jingoes who are demanding war. Germany has always been a friendly nation and a great many of our people are of German ancestry."

"Why should we not deal with Germany according to this plan to which the nation has pledged its support?"

"The second point of difference is as to the course which should be pursued in regard to the Americans traveling on belligerent ships or with cargoes of ammunition."

"Why should an American citizen be permitted to involve his country in war by traveling upon a belligerent ship when he knows that the ship will pass through a danger zone? The question is not whether an American citizen has a right under international law to travel on a belligerent ship; the question is whether he ought not, out of consideration for his country, if not for his own safety, avoid danger when avoidance is possible."

"It is a very one-sided citizenship that compels a government to go to war over a citizen's rights and yet relieve the citizen of all obligations to consider this nation's welfare. I

Goodyear Passes Goodyear

\$500,000 Better

The improvements lately added to Goodyear tires will cost us \$500,000 this year—just this year's betterments alone.

Yet this year's reductions will save our users in 1915 about \$5,000,000, we figure.

And our big price reduction on February 1st was our third in two years. The three total 45 per cent.

Our Extras

This half-million dollars we add to our tire cost means better tires than ever. It goes largely into extra rubber.

Then remember this: Good-

year Fortified Tires contain five costly features found in no other tire. They contain

other features found in but few tires.

If we omitted those extras, our probable output this year would cost us \$1,635,000 less. We could make that much extra profit.

What of You?

Goodyear rules Tiredom because of those extras. It outsells any other tire. It is today outselling our output.

These features are hidden. Tires that lack them look about like Goodyears. But they don't wear like Goodyears. If they did, we would emit them too, and save that \$1,635,000.

Don't you think such extras are worth asking for?

Any dealer will supply you.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure.
